

- **Educare**

## Overview

- Do you have basic computer knowledge? It's easy to work on My Educare software on your first login without any instructions.
- You do not have to install anything on your computer. Educare software is web based enterprise software. That means you can use it in your favorite browser.
- Educare scholar management system is built using the latest technology, this scalable online institution management software automates a school's/college's diverse operations. This portal is marked by numerous useful features such as System Administration and Management, Records and Profiles Management, Timetable Generation and Updates, Fee Management, Attendance Management, Exam Management and much more.

## Goals

1. The main purpose of developing the Educare scholar management system is to make easy to management and to store a large number of data/reports into the virtual storage units so called cloud storage.
2. The objective at the end of the day for any institution is the dissemination of information in an environment that encourages accountability, relevance and retention of the information gathered.

## Specifications

It is a delightful experience for any academic institution to redesign from the traditional administration model to more easy and effectively manageable platform. Despite the fact that it sounds extremely energizing, however numerous institutions are still in the traditional organization platform. The institution must address the workforce/faculties, students and guardians about the progress and subsequently the school administration

can maintain a strategic distance from the protection towards the change and issues identified with the utilization of the new software application.

Numerous institutions have adopted this application since it helps in effective two way interaction between the parents and the teaching staff. The school administration framework ought to fulfill this prerequisite on a crucial premise.

Teachers can track student attendance online and furthermore they can screen their student's execution complex. For instance, if a teacher recognized irregular student, at that point he or she can help that student, and the teacher can send a prompt report to the parents about their kid's performance.

## Advantages

- Single software to manage all School-related information from anywhere in the School
- Easy to use school software/college software
- Reliable and secure software
- Low Cost of Ownership
- Complete Automation of operations

2. You can get a hard copy of marks reports instantly.
3. You can facilitate the each and every student's report individually.
4. You can send the marks notifications/sms to the parents.
5. You can maintain customized marks sheet reports.

### 5. Payroll/Salary Management

Educare scholar management system can assist you in maintaining salary management of all the employees. There will be customized options to allocate individual salaries. Our salary management system will automatically calculate prorated data for every component of employee's salary. Whether it's allowances or deductions.

#### Benefits

1. You get a whole set of standard reports for everything related to the employees' Monthly Salary.
2. In our employee salary management, every employee will receive emails regarding their Salary Slips, Reimbursement Slips and other necessary info regarding their remuneration.
3. It obviously takes extra time and extra resources to manage its own payroll (when compared to payroll outsourcing), but as far as in house management is concerned, payroll/salary management helps to speed every aspect of the payroll process with a range of automated features.
4. It is easy to make mistakes when you manage aspects of payroll manually, but with the right payroll management solution, it becomes much more difficult to make such mistakes.

## **6. Profile Management**

*Educare* scholar management system's Profile management ensures that the user's personal settings can be edited, updated and deleted.

### Benefits

1. You can create a in-detail profile data for student and faculty.
2. There will be customized sections for updating/adding profiles of students, teachers and other staff.
3. You can communicate individually or in group with the profiles which are there in the application.

## **7. Event Management**

*Educare* scholar management system enables you to create and develop festivals, events and conferences. This Event Management features is to plan an event, assign responsibility to teamwork deadlines, and many more.

### Benefits

1. You can plan an event and schedule it.
2. You can send invitations via E-mails, SMS and push notifications.
3. Each Staff member and student can get to their Calendars which will have Academic and also non-academic occasions planned.

## 8. Profile Search

Increased students strength in colleges as well as in schools made it difficult to manage and maintain the students' profiles, registration of individual students and their other details. To find a solution to this, Educare Scholar management has made an innovative endeavor to manage the students' /staff profile details.

Benefits

1. This feature has got individual modules for Administrator, Teachers, Staff and Parents to connect all these stakeholders of education system in a single platform.
2. Profile management is a comprehensive system for information management of the students. The daily updates of the college management such as Admission, Registration, faculty and business development can be uploaded with the database.
3. This feature reduces the human error that could disturb the database, and ensures accuracy of information, which can be accessed anywhere and any point of time.

## 9. Messages

Educare Scholar management enables institutions to keep parents engaged in their children's development. You can send messages online to parents and students instantly and securely, direct to their mobile phones. This efficient and cost-effective way of communication helps schools to manage and disseminate information to parents and aid students in managing their schedules by sending important reminders to them.

Benefits

1. You can send SMS to the Parents of Absent Students, Fees Pending Reminders and Holiday Announcements.
2. Send Homework through SMS for lower grades.
3. Use Template Messaging to avoid retyping messages on a daily basis.

## 10. Parent Mobile App

For all those parents who want to know what's happening in the class, how their child is performing, homework, assignments and other classroom activities, the Educare scholar management parent app is the best solution for parents to keep themselves updated time-to-time about their children from wherever they are.

Benefits

1. Communicating with parents using traditional methods such as phone calls, notices and letters can be expensive, a mobile phone application through which

administration/management can be in direct contact with parents all the time and can convey any messages instantly.

2. This app keeps parents updated about their child's academic performance, classroom activities, behavioral aspects, assignments and attendance.
3. The parent mobile app enables parents to receive notifications concerning the child's irregularity, the classroom behavior and performance analysis.

### **11. Report Card**

Educare scholar management enables you with the customised reports in order to keep parents updated with the timely results of their child. The report card module allows you to print your student report cards directly or can send over mail.

#### **Benefits**

1. Fast entry of marks.
2. Maintain the data of student's academic analysis and generate the reports like rank card, Achievement record etc.
3. Evaluate to marks/grades average comparisons etc.
4. Staff can view the progress report and edit/delete the marks in progress card.

### **12. Certificates Management**

Educare scholar management Certificate Generation enables you to create certificates for students and staffs effortlessly. Additionally a duplicate of the generated certificate can be stored for future references and track record of the created declarations can be kept. During the study, students ask for various certificates as an Identity Proof or Authentication. Once student is enrolled in the institute Educare will start keeping track of each certificate given to the student.

#### **Benefits**

1. Easy to issue & manage different kind of certificates
2. Generate certificates for students and staff
3. Keep a record of generated certificates for future references
4. Facility to print the generated certificate on the spot

### **13. Complaint Management**

Complaint management module is important for every school, college or institution as it tracks & maintain records for the incidents like attitude, bullying, behaviour, dress code, etc. It allows to maintain discipline among students as well as for teachers.

1. It allows teachers and parents/students to file their complaint. Institute management can take necessary actions against filed complain and track the status.
2. Parents can get to know about their student's behaviour in school and will get timely notifications.
3. It helps to organize rules & regulations, punishment, behaviour or attitudes to maintain discipline in classrooms of school or college.
4. It improves discipline among students as they will know that they are accountable for the actions they step up.

#### 14. Gallery
